Outline

1. Critical Parking Area (CPA) Program Overview
2. Steps to establish a CPA
3. How to purchase and manage permits
What are Critical Parking Areas?

Areas with unique parking restrictions where resident permit holders are exempt from the restriction.

The restrictions address:

- Increased demand for on-street parking
- Lack of off-street parking options
- Vehicle and noise pollution
- Health and safety concerns due to traffic
How does it work?

Example restrictions include:
Types of Critical Parking Permits

Annual Residential Permit: $25.00 (limit 2 per resident)

Annual Visitor Permit: $10.00 (limit 1 per address)

Annual Service Permit: $10.00 (limit 1 per address)

Temporary Permits: $2.00 for 1 day, $5.00 for 2-30 days
Steps to Establish a CPA

1. Decide on desired restrictions and boundaries
2. Request a petition form
3. Collect signatures (75% of households required)
4. Submit the petition to the City Clerk
5. Public Works conducts a traffic and parking survey then issues a recommendation to council
## How to Buy and Assign Permits

Permits are purchased through: [https://minneapolis.myparkinginfo.com](https://minneapolis.myparkinginfo.com)

1. Create an account by entering an eligible address.
2. Select the desired permits and assign vehicles.
3. Upload documents that prove residency.
4. Checkout and allow 1-3 business days for approval if all is correct.
