Prospect Park Association Needs Your Support!

Please donate to PPA at GiveMN

Prospect Park Association needs your support. The City of Minneapolis reduced PPA’s funding by 64%. To help fill the gap, PPA closed its office and reduced staff by half, but it’s not enough. This year we need to raise $7,000 so our half-time staff person can continue providing support to PPA’s volunteer board and committee efforts.

Why give?
• PPA installed traffic-calming measures so children can play safely near Pratt School.
• PPA leveraged funds to support an after-school program for Pratt School children during the pandemic.
• PPA delivered on a neighborhood climate action and resilience plan.
• PPA raised funds from community partners to install three rain gardens.
• PPA hosted a second “Heal the Earth” Eco-Tour on June 18th this year.
• PPA is collaborating with the Pratt PTO to design the Jackson Family Memorial Playground at Pratt School.

“Thank you for considering a one-time or repeating donation! I used the GiveMN link and it was super easy to set up a monthly schedule. I like donating to our neighborhood. Our family is grateful to live in Prospect Park and be a part of this community. PPA gets so much great work done with a network of volunteers - I see it in action each month! PPA is being frugal given the loss of city funding, and our contributions will make all the difference. Thanks again!” Laura Preus

“PPA makes a vital difference to the neighborhood. The staff effort your donation will support provides continuity and professionalism to help our community organize to be a better place. PPA’s work towards the vision of creating a shared street, gathering place, and new playground on Malcolm Ave is making our neighborhood a better place to be.” Evan Roberts

Founded in 1901, PPA’s mission is to promote, in a non-partisan, educational and cooperative manner, the health, safety and general welfare of the neighborhood and to promote the maintenance and improvement of the aesthetic, residential and physical qualities of the neighborhood environment. PPA is a nonprofit 501(c)(3) tax-exempt organization. If you prefer to give by check, our mailing address is: PPA, P.O. Box 141095, Minneapolis, MN 55414. Please donate to PPA at GiveMN so we can continue working for our neighborhood. Thank you!

Following a two-year pattern or practice investigation, the Minnesota Department of Human Rights (MDHR) found that the City and Minneapolis Police Department engage in race-based policing.

This summer, in partnership with the MDHR, the MNJRC has agreed to lead the official community outreach strategy for MDHR. **We will be holding 5 community engagement sessions** to gather ideas from community members on how to best address race-based policing through a consent decree. What we learn from community members will be included in a report to MDHR that will inform the content for a consent decree with the City of Minneapolis and the Minneapolis Police Department.

Please visit [mnjrc.org/events](http://mnjrc.org/events) to RSVP for these events and to learn more about this important project.

**What is a Consent Decree?** A consent decree is a court-enforceable agreement that identifies specific changes to be made and timelines for those changes to occur. [View the video here to learn more.](http://mnjrc.org/events) To learn more about what community engagement has been done thus far, check out our recent blog by Audel Shokohzadeh (Community Engagement Director for the MDHR).
Outside of the above engagement sessions, the MNJRC has developed a comprehensive toolkit to support anyone interested in leading an independent session. If your organization is interested in hosting an event, please email us at kayla@mnjrc.org for more information and access to our toolkit.

Thank you for supporting our work and caring about these important issues. We hope you can join us in July to contribute to this critical opportunity!

A Thank You to the Community from Pratt Community Education

Beginning in Fall 2022, Pratt Community Education classes will be moved to our Seward Community Education site at 2309-28th Ave. South. Though we in Minneapolis Community Education would like to offer adult programs in every MPS building, it is not always possible. We are consolidating some of our program sites next fall for more efficient and accessible use of our buildings. Seward is a park-school complex connected with Matthews Park offering more rooms for classes. The availability of adequate adult-size furniture and adaptable program spaces at Pratt has changed as it has grown as an elementary school over recent years.

Many of our Pratt instructors will continue to teach at Seward, and with more available spaces we anticipate adding new classes. Pratt Coordinator, Jan Thurn, will be retiring at the end of this school year, and Kylei Burge serves as the coordinator at Seward. We have been working closely together to ensure a smooth transition and are excited about offering evening and Saturday adult and family programs at Seward. We will also continue to co-sponsor 55+ programs with Southeast Seniors at Van Cleve Park, The Pillars of Prospect Park, and other southeast Minneapolis locations.

Our sincere thanks to the Pratt community for your participation in our programs from the 1970s to present. We also appreciate all of the efforts of Pratt School, the Pratt PTO, the former Pratt Council, Prospect Park Association, Southeast Seniors, Prospect Park United Methodist Church, Van Cleve and Luxton Parks, and other community partners who we have worked with over the years to provide a variety of classes and special events. Our mission is to build strong communities and enhance living in the city of Minneapolis through lifelong learning. We hope you will continue to join us at Seward and our many other Minneapolis Community Education sites for future classes and programs. Please feel free to contact our Eastside Team Leader, Andrew Gramm at 612-668-2108 if you have any questions or ideas for new classes.

River of Hope would love to invite members of the Prospect Park Neighborhood to join us for our first Community Night!

CarFit

CarFit is a free educational program created via the collaboration of AARP, AAA, and the American Occupational Therapy Association. It offers older adults opportunities to check how well their personal vehicles "fit" as well as improve their fit. To learn more or sign up for a CarFit check appointment, call Southeast Seniors at 612-331-2302 or email Moira at: moira@seseniors.org.

Would you like to drive with greater confidence and comfort? If you’re an older driver in SE Minneapolis, please consider joining Southeast Seniors for its first CarFit event! Created by AARP, AAA, and the American Occupational Therapy Association, CarFit allows you to determine how well your vehicle "fits." (Statistics say mature drivers are the safest, due to honed safety habits, but are more likely to be seriously injured if a crash occurs, due to greater vulnerability of aging bodies.) At our CarFit event, trained volunteers work with you to determine how to fit your vehicle for maximum comfort and safety. Each CarFit check takes 15-20 minutes. Drivers leave with car-specific best fit tips, mirror adjustment training, adaptive equipment information, and community resources to help promote safe driving in the Twin Cities!

Public Safety is On the Ballot Again This Year

In November, you won’t see an obvious question on the ballot like last year’s City Question #2. Nonetheless, almost every federal, state and local public office in the General Election affects policing and public safety in Minneapolis. The Mayor and Police Chief have direct authority over the Minneapolis Police Department (MPD), but those powers are limited by state and federal policies. When you vote, think about how these elected offices impact your community’s safety.

CONGRESS instituted “qualified immunity” that protects public employees from being sued for actions taken on the job. Congress has the authority to make changes at the federal level. Since 2009, more than half of the cases brought against police officers have been dismissed based on qualified immunity.

The GOVERNOR, STATE SENATORS and STATE REPRESENTATIVES set the parameters for police union contracts and oversee both the State Patrol — which has statewide law enforcement authority — and the P.O.S.T. Board — which sets standards of conduct and training for police officers. They also can pass state-level civil rights laws explicitly without qualified immunity.

COUNTY COMMISSIONERS manage the social service agencies that provide mobile mental health crisis response and co-responders to accompany police emergencies. They also oversee County Corrections which runs county jails.

The COUNTY ATTORNEY decides which crimes are prosecuted and is responsible for getting guns out of the hands of felons and domestic abusers.

The SHERIFF serves warrants, subpoenas and orders of protection and has county-wide law enforcement authority, frequently providing back up for the MPD.
The SCHOOL BOARD is responsible for overseeing the management of safety personnel and systems that keep children safe on school property.

JUDGES oversee criminal and civil lawsuits, set bail and impose sentences.

So, if you care about equity in public safety and policing in Minneapolis, vote in every race from the top to the bottom of the ballot and on both sides!

For more details, read the LWV Minneapolis’ Reimaging Public Safety Study (www.lwvmpls.org).

For more information about who’s on YOUR ballot and how to register and vote in the Primary (August 9) and General (November 8) elections, visit www.vote411.org.

Ward 2 Resident Survey

The Ward 2 office is excited to share with you the Ward 2 Resident Survey and Community Conversations.

Council Member Wonsley Worlobah is using this survey to help get the broadest range of resident voices included in shaping her policy priorities as well as her priorities going into the 2023 budget cycle. We want this survey to reach as many Ward 2 residents as possible, especially people who may not ordinarily participate in more time-intensive forms of civic engagement. The Community Conversations will focus on the same topics that are addressed in the survey, including updates from the Council Member and time for residents to discuss in small groups, ask questions, and share their thoughts.

The survey will be open until July 25th, 2022.
